Wiesbaden High School - School Advisory Committee (SAC)
Meeting Agenda
Wednesday, 2 September 2026 - 3:30 PM

1. Welcome
    - Meeting Format
2. Principal's Report
3. Old Business
4. New Business
    - Cellphone Policy Update
    - The bus driver of buses 44 shared that the students exiting the buses on Aukamm after school are running in front of and in between the buses at the end of the day. He was very concerned about the lack of supervision and is worried someone will be injured
    - Regular maintenance and cleaning (lack there of) buses:
        i. Buses have damage like ripped seats exposing seat frames that are sharp that have ripped bags and clothes.
        ii. Buses are also dirty and smell.
    - Students are assigned links to web pages and videos for homework that are not accessible by school issued chromebooks as a part of homework. Students should be able to complete all of their homework and access their assigned work, readings and videos on the devices that the school provides. Teachers should not assign links that are blocked from school chromebooks as required or suggested materials if students cannot access it. Can the school and or teachers request specific links to be permitted before assigning it to students?
    - Sports physical requirement: students were turned away on the first day of fall sport try outs for not having a sports physical on file and cleared by the school nurse. Parents need more lead time and information to know that a physical is required before the first day of school.
        i. Can the school organize a sports physical rodeo?

- Is there any information of how fall sports will be affected if there is another government shut down at the end of the fiscal year? Will there be an exception already in place to exempt sports and student clubs from being affected so that the season and meetings are not interrupted?
- SAC Board SY26-27
    i. SAC training for any new members will be: September 28

5. Open Discussion

6. Closing
